

RAY CYWINSKI

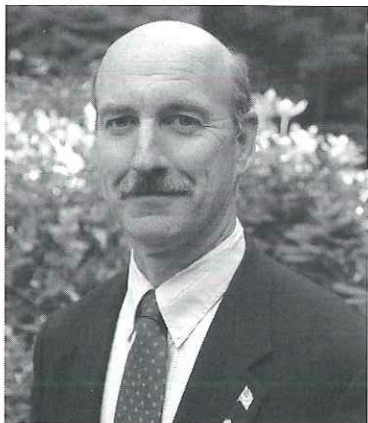

for Demarest Council

Elections are about the Future – Your Town, Your Money

As your councilman, I will:

- ✓ Reach out to all residents seeking your input and opinions.
- ✓ Hold **monthly informal meetings** at least once per month for you to discuss all topics related to Demarest.
- ✓ Act to **keep government growth in check**. (No unnecessary hiring).
- ✓ Act to **strengthen protection of our town trees** at no additional cost to the taxpayers. (Note the dead street trees, or lack of trees, at homes that have been re-built in the last several years. This has & will cost you money removing these trees and replanting these sites).
- ✓ Promote preparation of **appropriate** grant applications by employees or volunteer committees.
- ✓ Work toward **reducing municipal energy use** (sustainability & “green team” initiatives).
- ✓ Work toward **increasing shared services**.
- ✓ **Follow up** on all town projects, large or small.
- ✓ Introduce strong local **campaign finance** and “pay-to-play” reform measures.

We see what happens when government is controlled by one party.

We need two party representation in Demarest!

A Vote for **Ray Cywinski** on Nov. 3rd is a Vote for a 2nd viewpoint.
